- Reason for application with details of how the grant will be used
- How the grant will benefit the town and people of Newmarket

We are seeking funds to provide much needed improvements to our Scout HQ, particularly focused on our Garage/Storage areas. Our Scout Group currently serves around 60 young people between the ages of 4-14, and a further 20 young people use our site through the older 'Explorers' section (age 14-18). The project would also directly benefit the parents of these young people, who are all regularly involved in activities with the group (a further 160 adults) Currently our scout hut has storage spread across all our rooms, which makes it difficult to use these rooms effectively and causes distraction for our young people. This grant will be used to renovate a space to the rear of our HQ into a large storage area, which will allow our group to expand our numbers and reach more people in Newmarket. It will also help us continue to provide our scouting sessions to young people at the lowest cost possible, so that no young person is unable to access the service on account of costs. Our aim throughout the project will be to utilise community support from skilled labourers to minimize labour costs wherever possible and utilise our volunteers wherever possible, so our main costs will be materials

3. Amount of grant requested

Subject: NHS clinic

Hi Cathy,

A headline report from James Callaghan, the PCN manager who oversees the clinic at the centre.

I will just add that I will be writing my own case study on this clinic as a beneficiary of the derm clinic. I had a freckle that was scanned and came back as high risk, referred to the dermatologist and had an appointment letter within 3 days, and was seen within 4 weeks at the hospital in their Rapid face-2-face clinic at West Suffolk. I will put this into a document format so that it can be presented better on the 24th as an appendix with the papers.

Skin Analytics Clinic at The Racing Centre: Impact Analysis

Skin Analytics Clinic: A Success Story

Headline Figure: 620 patients seen since clinic inception in The Racing Centre

Key Impact: *The Skin Analytics Clinic has successfully freed up approximately 620 GP appointments within Newmarket and the Forest Heath PCN footprint. By providing direct access to the skin analytics pathway, the clinic significantly alleviates pressure on primary care services.*

Geographic Reach & Impact: *The clinic operates in two strategic locations: Newmarket and Brandon. This targeted approach ensures accessibility for residents across the Forest Heath PCN. The Newmarket location, in particular, has proven highly successful due to its convenient location and strong community engagement.*

Analysis & Recommendations:

- *Positive Impact: The clinic's success in both Newmarket and Brandon demonstrates the effectiveness of this model in improving access to dermatological care while optimising healthcare resources.*
- *Continued Success: To maintain this positive impact, ongoing data collection and analysis are crucial. Key metrics to track include patient satisfaction, clinical outcomes, and the continued reduction of GP workload.*
- *Service Enhancement: Exploring opportunities to further enhance the service, such as expanding hours or offering additional services, should be considered based on patient demand and resource availability.*

Conclusion:

The Skin Analytics Clinic serves as a model for successful healthcare service delivery. By providing direct access to specialist care and strategically locating clinics in key areas, the service effectively addresses the needs of the Forest Heath PCN population while optimising healthcare resources and improving patient outcomes.

Introduction

These standing orders are based on the most recent NALC model, last updated in 2020.

Standing orders are the written rules of a local council. Standing orders are essential to regulate the proceedings of a meeting. A council may also use standing orders to confirm or refer to various internal organisational and administrative arrangements. The standing orders of a council are not the same as the policies of a council but standing orders may refer to them.

Local councils operate within a broad statutory framework, and these standing orders reference many statutory requirements to which councils are subject. The statutory requirements to which a council is subject apply even when they are not incorporated into the standing orders.

Standing orders are one of the three principal governing policy documents of the council providing procedure guidance for councillors and officers. They must be observed in conjunction with the financial regulations and Code of Conduct.

Some of the standing orders are mandatory because they reflect requirements of Acts of Parliament and subsequent regulations. For ease of reference, the orders or parts of orders concerned are printed in bold type, with a citation to the relevant legislation. The standing orders in bold type may not be amended unless the legislation out of which they are born changes. Standing orders not in bold are designed to help the council operate effectively but they do not contain statutory requirements.

Unless the context suggests otherwise, any references to the male gender in these standing orders include the female gender.

Definitions

Certain terms are used throughout these standing orders. These terms and their definitions for the purposes of these standing orders are set out below.

"Amendment" shall mean a proposal to remove or add words to a motion but shall not negate the motion.

"Council" shall mean Newmarket Town Council unless otherwise indicated.

"Chair" and "Vice chair" refer to the offices of the mayor and deputy mayor of the council, except in relation to the person chairing a meeting of the council in the

absence of the mayor and deputy mayor, or the person chairing a committee, sub-committee, or working group.

"Councillor" refers, except where the context suggests otherwise, a person elected or co-opted onto the council, or a person who is not a councillor but who is a member of a committee with or without voting rights.

"Financial Regulations" are the standing orders to regulate and control the financial affairs and accounting procedures of the council. The Financial Regulations, as opposed to the standing orders of the council, include most of the requirements relevant to the responsible financial officer.

"Full Council" means a formal meeting to which all elected members are summoned to attend.

"Motion" means a proposed form of specific action to be decided by the council or committee.

"Mover" means a councillor who proposes a motion.

"Resolution" is a decision lawfully made by the majority of those present and voting at a council meeting, or committee meeting with delegated powers to make such a decision.

"Responsible Financial Officer" means the person appointed by the Council to be responsible for the financial affairs of the Council under the Local Government Act.

"Second" means to formally support a motion so that it may be debated and put to the vote.

"Seconder" means a councillor who formally seconds a motion.

"Substantive motion" means the motion after all amendments have been considered and is the final one put to the vote.

"Town Clerk" shall mean the person responsible for implementing the decisions and acting as the Proper Officer of the council.

Appendix A Councillors guide

1 Roles and responsibilities

It is important that all councillors understand their roles and responsibilities (set out below) to avoid any misunderstandings that may lead to conflict later. Councillors bring different skills, have different attitudes, and need to work as an effective team. The town clerk is there to provide advice and implement the council's decisions. The town clerk is termed the 'proper officer' answerable only to the council as a whole, the employer.

The town council also employs a responsible financial officer who is charged with the management of the council's finances. These are professional paid officers and have considerable decision-making powers delegated to them to ensure the effective discharge of the council's functions and services. The advice of the town clerk is important and should always be a councillor's first point of contact.

The term of office of councillors is four years commencing on the fourth day after the ordinary day of election and ending on the fourth day after the next ordinary election. The ordinary day of election is the first Thursday in May, or such other day as may be fixed by the Secretary of State by order.

A person elected as a councillor cannot act in that capacity until they have signed a declaration of acceptance of office and delivered it to the town clerk. If the declaration is not made and delivered within two months from the day of the election, the office of the person elected becomes vacant.

1.1 Councillors' duties

Councillors have the following duties set out in law:

- Must sign a declaration of acceptance of office, agree to abide by the LGA 2020 Code of Conduct as adopted and register any Disclosable Pecuniary Interests and Other Registerable Interests
- Must attend meetings when summoned to do so and is responsible to disclose any pecuniary interests before an item is discussed
- Is entitled to vote at meetings
- Can resign at any time by written notice to the chair of the council
- Must inform the town clerk of an intended absence in order that it can be recorded/approved

If a councillor does not attend any meeting of the council, committee, or sub-committee, or does not carry out an executive function as a member, for six consecutive months they automatically cease to be a member of the authority. If a councillor has special reasons for not being able to attend meetings there may be circumstances under which the council can extend the period. The council can only extend the period before the six months has elapsed.

The National Association of Local Councils (NALC) publish the *Good Councillor's Guide* that provides further details, a copy of which the town clerk can provide on request.

1.2 Councillors' role

Whilst there is no set job description for a councillor, below gives you a flavour of your role:

- To abide by the council's code of conduct and not bring the office of councillor into disrepute
- To act collectively with others as employer
- To be the ultimate policy makers of the council giving strategic and corporate management direction
- To serve as advocates for their communities (individual wards), protecting and promoting the community and ensuring that the needs and issues which affect residents are addressed
- To deal with individual casework and to act as advocates for constituents in resolving particular concerns or grievances
- To act as custodians of the public purse, fixing a budget, setting a precept, and monitoring the expenditure of the council
- To balance different interests within their ward and to represent the ward as a whole
- To balance the needs and concerns of the whole of the council's area and between areas of competing needs in the interests of the whole of the council's area
- To attend council meetings and meetings of committees to which they have been appointed, and to be involved in all significant decision-making

- To take steps to keep in touch with their communities by attending residents' or local community meetings and training events
- To be available to represent the council on other bodies
- To deal promptly with correspondence/communication from their constituents and the council's officers
- To maintain the highest standard of conduct and ethics

1.2.1 Beware of what a councillor cannot do

- councillors cannot make a decision on behalf of the council
- Instruct the town clerk or staff in their duties
- Write to the press on council matters
- Represent the council as and wherever they wish
- Resign by walking out of a meeting

1.3 Role of the town clerk

The town clerk is appointed under statute as the '*Proper Officer of the council*' (*Local Government Act 1972, s.270(1)*). The post is akin to the chief executive of the principal authority in that it is the head of the council's administration. The town clerk is responsible for seeing that the business of the council runs smoothly and efficiently and is conducted in accordance with the law. The town clerk has responsibility for the management of the town council's assets (its land and buildings, finances, staff, and reputation). The town clerk prepares the council for taking decisions, before, during and after meetings, implements decisions and protects the council as a corporate body. Responsibilities range across organising meetings and events, managing sites, facilities, staff, and finance, to marketing, negotiating and public relations.

The town clerk has a number of statutory duties; these include:

- Signing and serving on councillors summons with an agenda to attend council meetings
- Convening meetings of council if a casual vacancy in the office of the chair of the council occurs

- Receiving and holding copies of byelaws made by other local authorities which affect the council's area
- Receiving and retaining documents or notices

1.4 Role of the Chair (Mayor)

The council *must* have a chair (the mayor), responsible for ensuring that proper decisions are taken in council meetings, that meetings run smoothly and on time. The mayor ensures that all councillors have the opportunity to speak at meetings and that procedure is followed in accordance with standing orders. The mayor is the public face of the council, representing the council in a civic capacity.

1.5 Role of the Council as a Whole

The council is a corporate body, a legal entity separate from that of its members. Its decisions are the responsibility of the whole council. The council has many powers and duties granted by Parliament including the important authority to raise money through taxation (the precept) and a range of powers to spend public money.

The council is responsible for a number of community facilities throughout the town, including the public office at the King Edward VII Memorial Hall, two closed churchyards, sponsored roundabouts, various flower beds, play areas, public toilets, and allotments.

It also maintains the Newmarket Clock Tower, War Memorials, a number of bus shelters, street benches, Birdcage Walk, the Cooper Memorial, Bill Tutte Memorial, the land surrounding the statue of The Queen with mare and foal, as well as street planters and hanging baskets

The council administers the Newmarket cemetery and chapel, the Severals grass area and Memorial Hall grounds, as well as two venues - The Memorial Hall and the Severals Pavilion.

The Council is also responsible for a number of street lighting columns and provides Christmas lighting in the town. It is involved in the promotion of Newmarket across various media and both running and facilitating events & festivals.

See also section 3.3 below.

1.6 The Council as Employer

Councils often have to deal with a range of employment relation issues which require clear and straightforward employment policies and procedures that help to handle employment issues quickly, fairly, and consistently.

The town clerk is employed by the council and answers to the council as a whole. The town clerk manages any other staff that may be employed by the council. No one councillor can act as the line manager of either the town clerk or other employees. These rules and principles should build on mutual respect and consideration between the town clerk and the council.

NALC publish the *Good Employers Guide* that provides further details.

2 Councillors' Code of Conduct – LGA 2020 Code of Conduct

Under the Localism Act 2011 and the Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012, members of the town council are required to register theirs and their partner's disclosable pecuniary interests in a register held by the monitoring officer, West Suffolk Council within 28 days of becoming a member or co-opted member. Provisions in relation to disclosable pecuniary interests are enforced by criminal sanction that came into force on 1 July 2012. A copy of the register is available for public inspection and is published on both the town and district council websites.

The council, in accordance with the Localism Act 2011, s.27, adopted a code of conduct to promote high standards of behaviour by its members and co-opted members whenever they conduct the business of the council, including the business of the office to which they were elected or appointed, or when they claim to act or give the impression of acting as a representative of the council. The code is based on the principles of:

- Selflessness
- Integrity
- Objectivity
- Accountability
- Openness
- Honesty
- Leadership

There may be occasions where a number of councillors must declare interests and their withdrawal from that meeting may render the decision making inquorate or ineffective. There are provisions in the council's rules on dispensations.

Please make yourself familiar with your obligations under the code, what to declare and how to declare interests (As a reminder every agenda have standing items for the registration of interests. The rule of thumb is if in doubt ask), how to apply for a dispensation, and what to do if you are offered gifts or hospitality (training is offered).

2.1 Things a councillor should not do in relation to the code of conduct

It is important for councillors to be aware that they must not:

- bring their council or office into disrepute
- disclose confidential information
- misuse council resources or authorise their misuse, in particular for unauthorised party-political purposes
- misuse their official position to their own advantage or to the advantage or disadvantage of others
- stop somebody seeing or getting copies of documents they are allowed to have
- unduly influence any person who works for the council

3 The Decision-making process

Council meetings are where councillors play their part as decision makers. They are formal events where the public and press have a right to observe how the council operates, the exception being when sensitive matters are discussed such as legal, contractual, or staffing matters.

Decisions are called 'resolutions' and these are mostly made by the full council, please remember these are 'corporate decisions'. Decisions can in some cases be delegated to committees and to officers. Some committees make recommendations to council. The work that these groups undertake is set out in their 'terms of reference'.

The council has the following committee structure:

There are 6 standing committees. All councillors can sit on any standing committee except for human resources, which is limited to 9 members.

Standing committees of the council:

- Development and Planning
- Community Services
- Leisure Services
- Performance and Audit
- Human Resources
- Finance and Policy

Working groups can be appointed by each standing committee and will make recommendations to that committee.

- (a) The chair of the committee presents the minutes of each standing committee, to the full council.
- (b) The chair will say, "I am pleased to present the minutes of the committee and seek their adoption".
- (c) All the recommendations of the committee in the minutes, are then formally proposed and seconded, and a vote ensues. The recommendations then become resolutions of the council.
- (d) Any recommendation can be amended and then voted upon by full council.
- (e) If any recommendation fails to receive the support of the council, then the recommendation is referred back to the committee.
- (f) If a majority of councillors vote against the adoption of the minutes, then all recommendations are referred back to the committee.

The annual meeting of the council takes place in May, and in an election year the annual meeting must take place on the day when the councillors take office, or within 14 days thereafter. Councillors take office in an election year four days after the date of the election.

The annual town meeting is a completely different meeting and takes place between 1 March and 1 June. This is not a council meeting but a meeting when electors can speak and set the agenda and local issues are debated.

A list of meeting dates is provided annually.

3.2 Powers and duties

There are wide ranging activities covered by acts of parliament setting out powers and functions giving local councils permission to act upon. These include consideration of the provision of allotments if requested to do so, provision and maintenance of bus shelters, borrow money, power to provide a wide range of recreational facilities.

3.3 The general power of competence

The Localism Act includes a 'general power of competence'. It gives local authorities the legal capacity to do anything that an individual can do that is not specifically prohibited. The general power gives councils more freedom to work together with others in new ways to drive down costs and increase their confidence to do creative, innovative things to meet local people's needs.

Every electoral term the town council must consider whether it is an "eligible parish council", having met the conditions prescribed by the Secretary of State in the Parish Councils (General Power of Competence) (Prescribed Conditions) Order 2012; these being around the competency of the town clerk and the electoral mandate of the council.

3.4 Meetings, conduct of business, standing orders

Rules about the way meetings must be run, some of which are set by legislation, are contained within the council's standing orders.

Standing orders set out the order of business, rules about debate, voting requirements, and the procedures for public participation. Please read standing orders so that you are aware of the protocol on the conduct of meetings.

3.5 Council meeting agendas

At least three clear working days before a meeting a public notice of the meeting will be placed on the council's notice board outside the Memorial Hall and on the Council's website.

At the same time, councillors will receive a 'summons' requesting their attendance at the meeting with an agenda. Topics requiring a decision cannot be added to an agenda after it has been issued. If you wish to raise an item for inclusion, contact the

town clerk with details. Standing orders set out how you can give notice to raise a question or ask for a motion to be placed on the agenda.

It is the responsibility of the town clerk, often in consultation with the chair of the council and committee chairs to set the agendas for full council and committee meetings respectively.

3.6 Helpful suggestions for meetings

3.6.1 Agendas and reports

- **All** agendas and reports are uploaded onto the council's website and councillors are emailed links to those papers
- On receipt, read through each agenda and any associated reports to identify important items - those affecting your area
- Make sure that you understand what actions are being proposed
- Think about what the result will be if those actions are taken
- Are the costs involved justified?
- Think about whether there are any alternatives that could be explored
- If you have any questions, please contact the town clerk, chair of the council, committee chair, or the author of the report, before you attend the meeting

3.6.2 In the meeting

- Read the agenda and its associated reports in advance of the meeting and follow the advice set out above
- Identify the areas where you feel you have a contribution to make
- Prepare yourself - check your facts, the background; ask for an explanation from the town clerk and/or fellow councillors
- Read your standing orders so that you understand the procedure. If in any doubt, please ask the town clerk
- Remember your duty to declare an interest and if in any doubt check with the town clerk on the best course of action

- If possible, tell the chair in advance that you wish to speak and on which agenda item
- Be prepared to intervene on other items - often debates will lead into unexpected territory which may be of particular interest or relevance to you and your constituents
- Remember not to confine yourself to the ward which you represent. Consider the town as a whole
- Beware the law of defamation!

3.6.3 Apologies for absence

You have a duty to attend but if something crops up and you cannot attend, notify the town clerk so that your apology and reason can be recorded in the minutes. If you fail to attend meetings for six months, without formal council approval, you **will** be automatically disqualified and cease to be a councillor.

3.6.4 After the meeting - council minutes

It is the responsibility of the town clerk, or a duly delegated officer to write the minutes as a legal record of the council's decision which are confirmed and signed by the chair at the next ordinary meeting. No discussion can take place on the minutes, only their accuracy. Minutes should contain a heading, those present, and a decision at the very least. They are not meant to be a verbatim record of discussions, but the town clerk is likely to minute any advice given. Draft minutes are placed on the council's website marked as such.

3.7 Important documents

The following are important documents that councillors should be able to reference in the decision-making process:

- Standing orders
- Financial regulations
- Committee terms of reference and delegation
- Budget for the current year and any projected financial planning
- Newmarket neighbourhood plan

- Local development framework
- Minutes of previous meetings

Also, available for councillors to view, upon application to the town clerk:

- Assets register
- Insurance policy
- Lease agreements
- Schedule of council fees and charges

3.8 Council guidelines, policies, procedures, and protocols

The council has also adopted a number of guidelines, policies, procedures and protocols, these are all available on the council's website.

Guidelines are principles that guide actions, frequently based on best practices.

Policies are specific principles that guide decision making and indicate the position and values of the council on a given subject.

Procedures are written set of instructions that describe the approved and recommended steps of a particular process, and supplement policies and describe how policies will be implemented.

Protocols are written plans that specify procedures to be followed in specific situations.

4 Planning matters

Being involved in planning is an important activity for the council. The planning authority (West Suffolk Council) must consider the town council's view before it decides to grant or refuse planning permission.

The town council's planning and development committee is charged with considering all planning applications which include:

- Full planning permission
- Outline planning permission
- Householder planning permission

- Reserved matters
- Listed building consent
- Change of use
- Conservation area consents to prune/fell trees
- Licensing
- Advertising consent

The Town and Country Planning Act 1990 provides the main legal basis of the English planning system as amended by the Planning and Compulsory Purchase Act 2004. Further changes have been introduced by the Localism Act 2011.

The National Planning Policy Framework (NPPF) sets out the Government's economic, environmental, and social planning policies for England and contains the framework within which local plans are developed. The purpose of the NPPF is to help achieve 'sustainable development' that meets the needs of the present without compromising the ability of future generations to meet their own needs.

The Planning and Compulsory Purchase Act 2004 placed an obligation on local planning authorities to produce a local plan (or core strategy) shaping how land use and places will change and develop over the next 15 to 20 years. It also sets out a spatial planning strategy - what the general location of development will be.

Planning decisions need to be made in line with the development plan, unless there are good reasons why this should not be done. These reasons are called material considerations and include:

- overshadowing
- overlooking or loss of privacy
- adequate parking and servicing
- overbearing nature of proposal
- loss of trees
- loss of ecological habitats
- design and appearance

- layout and density of buildings
- effect on listed building(s) and conservation areas
- access or highways safety
- traffic generation
- noise and disturbance from the scheme
- disturbance from smells
- public visual amenity, but not loss of private individual's view
- flood risk

There are however a number of areas that cannot be considered as material/relevant; these include:

- loss of value to individual property
- loss of view
- boundary disputes including encroachment of foundations, gutters
- private covenants or agreements
- the applicant's personal conduct or history
- the applicant's motives
- potential profit for the applicant or from the application
- private rights to light
- private rights to way
- damage to property
- disruption during any construction phase
- loss of trade or competitors
- age, health, status, background, work patterns of the objector
- time taken to do the work

- capacity of private drains
- building or structural techniques
- alcohol or gaming licences

5 Dealing with public money

The responsible financial officer administers the finances of the council and collectively councillors are responsible for ensuring the proper management of the council's finances to avoid risk of fraud, loss, or bad debts.

The council must operate a sound system of internal control in accordance with The Accounts and Audit Regulations 2015 and to prepare an annual governance statement in accordance with proper practices in relation to accounts. The law requires another audit to be carried out so that local taxpayers can be assured that the risks to public money have been managed.

The Local Government Transparency Code 2015 requires certain councils to publish a range of financial information online. The code can be viewed at.

<https://www.gov.uk/government/publications/local-government-transparency-code-2015>

Detailed information is set out in the Joint Panel on Accountability and Governance - Practitioners' Guide, available at <https://www.nalc.gov.uk/jpag>. The guide sets out how accounts should be kept, their format and how and when they must be approved and published, where and for how long taxpayers can view the accounts and details behind them.

The council's finances are controlled by checking spending against budget plans regularly at council meetings. The council's own financial regulations set out how the council must manage its finances and its overall system of internal control. As part of this, the council appoints an independent 'competent' auditor to conduct an internal audit, which is in turn reported with the accounts. As a member of the council, you are responsible for ensuring that the annual return accurately presents the financial management by the council. The

council's finances are controlled by checking spending against budget plans regularly at council meetings.

5.1 Budget and precept

The council is empowered to incur expenditure in the execution of its statutory powers. It obtains its funds (the precept) from the principal authority for the expenses it is expecting to incur in the financial year ahead and so it is important that an accurate budget is set for the proper carrying out of the council's functions. The budget setting process normally starts around October each year and request for the precept is normally sent in late January.

5.2 Annual return

The council's financial year begins on 1 April and ends on 31 March in the following year. Legislation requires a council to prepare accounting statements for each year, which must be externally audited. Proper practices provide for a council to prepare its accounting statements in the form of an annual return which summarises the accounts and includes an annual governance statement.

6 Handling information

6.1 Freedom of information

The Freedom of Information Act 2000 allows the public access to certain types of information held by the council, subject to release of personal information under the Data Protection Act 1998. Requests must be in writing; email is accepted, and the council must respond promptly and normally within 20 working days. The council is entitled to make a charge which must be set out in a Publication Scheme which also sets out the type of information published and the manner in which is published. The council does not have to respond to repeated or 'vexatious' requests if it has already responded to an identical or substantially similar request from the same person. There are some other exemptions which fall into the category of 'absolute exemptions' such as court proceedings or personal information that would breach the data protection act. The council then has a duty to consider whether disclosure is required in the public interest. Guidance is available from the Information Commissioner. See the town council's website to view the publication scheme or ask the clerk for a copy.

6.2 Data protection

All councils hold a wide range of information and are required to 'notify' the Information Commissioner of personal data it holds, subject to certain exemptions. Personal data may be as simple as holding someone's name and address but in addition includes amongst other things details of complaints, lists of contacts, employee/personnel records, and information provided for the purpose of placing a contact to which the data subject is a party. Images taken by CCTV systems can now also fall within the data protection regime.

Councillors are covered by the council's notification and have the same responsibilities with regard to data protection as the town clerk and employees of the council. If councillors are processing electronic personal data in an individual capacity (i.e., where you are not acting on behalf of the council) you are likely to be classed as data controllers and would individually need to notify the Information Commissioner. For advice and guidance, go to www.ico.gov.uk.

6.3 'Need to know'

Councillors do not have a 'need to know' for all council business and cannot claim an automatic right to see all council documentation and information. There is a general rule of thumb in establishing whether a councillor has a 'need to know':

- If you are a member of a committee, you have the right to inspect documents or to obtain information relating to the business of that committee.
- If not a committee member, you need to demonstrate why sight of the information in question is necessary to enable you to perform your duties as a councillor.
- The document or information will be withheld if a councillor's motives are indirect, improper, or ulterior.
- Councillors wishing to inspect council documents should specify precisely what information they need and for what purpose.

6.4 Confidential information

The council's standing orders and the code of conduct require members and officers to maintain confidentiality. When a councillor is acting, or gives the impression as acting, as a representative of the council, a councillor is obligated not to disclose information which is confidential or where disclosure is prohibited by law. There are

some exceptions, for instance if you are required to do so by law, where you have a person's consent or disclosure is in the public interest (justified in only very limited circumstances). Improper disclosure of confidential information constitutes a breach of the code of conduct.

6.5 Defamation and privilege

Councillors when making statements in council and committee meetings should be aware that they are subject to the general principles of law relating to defamation. As a general defence a councillor should show that any such alleged statement was made on a 'qualified' privileged occasion, when the councillor who makes the statement must show that the statement was made without malice and in pursuit of a public duty. If, upon investigation, the statement is found to be true, it is not defamatory at all, but if it is found to be untrue, privilege can be claimed if the councillor acted without malice.

6.6 Press and media

6.6.1 Dealing with the press

- Check the council's policy on the issue of press statements.
- Seek help from the town clerk on how to handle individual press members.
- Get to know the reporters who cover your area and those who are regularly present at council meetings. Learn how to explain your views on issues and do not talk "off the record" - some things are best kept unsaid!
- When approached either in person or on the telephone, think carefully before you speak, and ask for time to consider your reply if necessary.

6.6.2 Dealing with the media

- Seek help from the town clerk.
- Think carefully about anything you say. Remember that it may well be reported, and it may be your voice that says it! If necessary, therefore, ask for time to consider your reply and take appropriate advice.
- Be aware that the reporter has deadlines, and these are even tighter than for newspapers - local radio has bulletins every hour!

- Remember that a recorded interview may be cut and edited in just the same way as a press report.
- Beware of radio reporters who ring you and say that they want to do a recorded interview immediately over the telephone. Unless you are very confident, ask them what they want to talk about and ring them back in ten minutes. Use this time to compose yourself, to decide what you are going to say and, if necessary, to take advice.
- When taking part in live broadcasts (including phone-ins), always agree beforehand what areas you will and will not discuss.
- Do your homework and learn all the facts before you go to the studio.
- Be honest in your answers. Even the slightest hesitation on air can sound like evasion, dishonesty or incompetence.
- Even if you do not know the answer to a particular question, it is better to admit that, rather than make up something which, with hindsight, may have been improper.
- Broadcast appearances are best left to those who feel at home on radio or TV. Most of us need extra coaching, so if you are likely to be a spokesperson, try to get broadcasting skills training.

7 Members' services

All councillors will be given access to a town council email address.

The town clerk shall be the first point of call for any additional support from the council.

8 Managing risk

The Health & Safety at Work Act 1974 places a duty on councils as employers and employees to protect the health and safety of its employees and the public visiting its premises. This includes maintaining the safety of any places of work, the working environment (including equipment) and without risks to health for which the town clerk will undertake appropriate risk assessments. The Disability Discrimination Act 2010 imposes obligations on councils as employers and wider obligations to ensure access to services, including permanent physical adjustments to premises and meeting rooms.

8.1 Insurance

The council undertakes a review of its risks annually. Using the asset register as a guide, the council will identify the level and severity of any likely risk and take appropriate steps to manage the consequences, which includes reviewing its insurances prior to renewal date.

Policies normally cover core risks, such as property and public liability in addition to mandatory cover for Employers' Liability, Fidelity Guarantee (Employee Dishonesty), and Hirer's Indemnity. Other optional cover is available. The council's insurance may also cover councillors for Personal Accident, Libel and Slander and Officials' Indemnity. The town clerk & responsible financial officer will advise.

Appendix B Chairmanship - good practice

This is intended as a guide for those presiding at meetings of the council and as a source to which to refer when there is a procedural difficulty during a meeting.

The chair of the town council is entitled to use the title "town mayor". The title confers no additional powers on the chair and, in particular, has no implications for their conduct in meetings.

Notes:

- The word "chair" includes "town mayor" and means the person actually presiding at a meeting
- The word "vice-chair" includes "deputy town mayor"
- The word "council" includes "committee", where any function has been delegated

1 Basic Principles

The officers and agents of the council must act as the council's executive and carry out its decisions. They cannot do this properly unless they have instructions which they can understand.

It is the primary, if not the only, function of the council to frame instructions upon which people can act; even a decision to take no action is such an instruction.

The council's instructions are conveyed by resolutions, and it is the purpose of the council's proceedings to reach, without unreasonable delay, an intelligible and lawful decision for the right reasons. The whole duty of a chair is to ensure that this purpose is achieved and to this end they must:

- (a) protect the council against outside interference;
- (b) ensure that everything to be discussed is lawful;
- (c) ensure that the council is invited to deal with clear issues;
- (d) ensure that as far as possible information is complete;
- (e) permit every point of view to have a fair hearing;
- (f) ensure that opinions expressed are relevant to the matter in hand;

- (g) ensure that business is transacted with reasonable speed;
- (h) ensure as far as possible that proceedings are friendly and free from personalities; and
- (i) co-operate with the officers and councillors.

2 The authority of the chair

2.1 Origin

The office of chair of a local authority is created by statute, which has conferred upon the occupant of the chair a second or casting vote on all occasions but one. The scope of his authority, however, depends upon ancient customs which are perfectly logical and arise from the necessities of the case.

2.2 Nature and limitations

Whether or not the council has passed any standing orders, the chair's procedural authority is derived from the council as a whole and an individual councillor must obey his rulings because they are the rulings of the council itself. It follows from this, however, that the chair cannot overrule the council and that a councillor who is dissatisfied by the chair's ruling may invite the council to disagree with it. Such appeals against the chair ought to be very rare.

The authority of the chair, as such, is limited to matters of procedure and neither increases nor decreases his right (in comparison with other members) to discuss the merits of a particular case. It is one of his most difficult tasks to remember that, while the chair gives him authority on matters of procedure, it confers no rights (other than the casting vote) on matters of policy above those possessed by other members.

3 Preliminary

Before any meeting, the chair should study the items on the agenda with either the clerk or any other officers, and should in effect ask in respect of each item the following questions:

- What does it mean?
- Is it lawful?
- Do we know enough about it?

- Has any member special knowledge of this problem?
- Is there any member who may have a pecuniary interest?

4 Outside interference

4.1 Disorderly or disruptive behaviour

The standing orders of a council govern the actions that can be taken when disorderly conduct or behaviour disrupts the debate at a meeting or obstructs the proceedings in a meeting. This includes a situation where someone is behaving offensively or using inappropriate language.

Disruptive individuals, whether they are councillors or members of the public, are at risk of being asked to leave the meeting. The chair may request anyone who is disruptive to stop and should explain the consequences if they do not behave appropriately.

The chair should never argue or allow argument with an interrupter. If an individual disregards the chair's request to modify their conduct, aimed at restoring order to the debate or to the meeting itself, any councillor (including the chair) may move a (procedural) motion that the offending person(s) are "no longer heard" or excluded from the meeting. If the meeting then passes a resolution that requires a person to be silent or leave the meeting, but this is ignored, further steps can be taken.

The meeting may be temporarily suspended to give the offending person(s) an opportunity to improve their behaviour or to persuade them to be silent or to leave the meeting. If after a suspension of the meeting, disruptive behaviour continues, the meeting may need to be closed and consideration of the outstanding business for the meeting postponed to a later date. It is, however, illegal to decide to exclude specific members of the public from any future meeting.

4.2 Disclosable Pecuniary interests and Other Registerable Interests

The law requires that where a member has a disclosable pecuniary interest or other registerable interest in a matter to be considered at a meeting, they cannot take part in discussions or vote on the matter at a meeting unless they have been granted a dispensation. Unless they have been granted a dispensation, a councillor or non-councillor with voting rights shall withdraw from a meeting when it is considering a matter in which they have a disclosable pecuniary interest. They may return to the meeting after it has considered the matter in which they had the interest.

If the interest has not been recorded, they must advise the monitoring officer within 28 days of the interest becoming apparent.

4.3 Rulings on notices

The chair must be satisfied that the meeting is lawful. The chair does not need to have personal knowledge that the proper notices and summonses have been issued, but if complaints are made, they must give a ruling based upon the essential justice of the matter. A meeting is not necessarily illegal because someone has not received a notice to which they are entitled, but where an irregularity appears to be intentional or important the meeting should be adjourned until it has been corrected.

4.4 Quorum

No business can be transacted if no quorum is present. This rule applies not only to cases of physical absence but to cases of disqualification by interest. A situation may, therefore, sometimes arise where the council cannot act because it is impossible to obtain a disinterested quorum. In such a case the chair should adjourn the matter until it can be next dealt with. Those members with a pecuniary interest should consider making an application for dispensation to the council where appropriate.

4.5 *UltraVires* proposals

The chair should satisfy himself that any proposal involving expenditure is lawful and should rule any unlawful proposal or amendment out of order. Where there is any doubt, advice should be sought well before the meeting and in time to delete it, if necessary, from the agenda.

5 A clear issue

Every decision of the council must be made by an affirmative vote of a majority of those present and voting (including, where necessary, the chair's second or casting vote). The members must, therefore, know exactly what they are being asked to decide and each proposition must be put to them in a form which can be answered by a simple "Yes" or "No". From this there follow certain practical consequences:

- (a) **All** motions should be affirmative in form; it is never necessary to move that a resolution be rejected; and
- (b) where there is more than one solution to a problem each solution must be separately put to the vote.

5.2 The affirmative form

The most exact method of putting a question to the vote is by the use of the following formula:

"The resolution is as follows:

(e.g.) *'That the clerk's salary be raised to £5,000 a year'.*

The motion is that this resolution be agreed to".

(Note: A resolution is a proposal of the action intended to be taken for example, "That the council buy a mower". An option is the procedural formula by which the council disposes of business: for example, "The motion is that the resolution be amended by ___ " or "The motion is that the council do now adjourn").

5.3 Separating the issues

In attempting to reach a decision a council may from time to time be faced with alternative solutions. Some alternatives may be mutually exclusive; others may be matters of detail subsidiary to the principal issue.

Where the alternatives are mutually exclusive it may be desirable in the first instance to discuss the resolutions embodying them together until the general trend of opinion is apparent and then to put one of them in the form of an amendment to the other; for instance, if a council considers that it can afford either a swimming pool or a new playing field but not both, a decision to provide the one in practice excludes the other. Therefore, the resolution on behalf of each should be discussed together and the issue at this stage may be informally stated thus:

"If the council is to spend its money, would it prefer a swimming pool or a playing field?"

In more formal language the issue is put to the vote by substantive resolution and amendment:

"The resolution is that the swimming pool be provided. To this the following amendment has been moved:

leave out the words 'swimming pool' and substitute the words 'new playing field'.

The motion is that this amendment be agreed to".

A vote on an amendment does not end the matter: it merely decides what shall be discussed next. Thus, in the example, if the amendment is carried, all further discussion of the swimming pool becomes out of order, but the council has yet to decide whether the major operation shall be carried out at all. This is done by putting *the resolution as amended to the vote*.

6 Method of voting

The rules on the manner in which decisions are taken are peremptory and admit of no exceptions. Every decision must be reached by a majority of those voting. Appointments to employments must be decided in the same way as other questions.

7 Completeness of information

Sensible decisions cannot be reached without reasonably complete information, which it is usually the duty of the clerk to supply. The chair should before the meeting consider whether enough information is available or likely to be made available, and at the meeting they should make a point of asking a member with special knowledge to give their opinion. If it appears at the meeting that information is still insufficient, they should move to adjourn consideration until more is known, and sometimes it may be desirable to frame questions and to instruct the clerk to obtain the answers by a specified date.

8 Impartiality

When differences of opinion develop in discussion it is the duty of the chair to give a fair hearing to all points of view including their own, if they have one. It is not their duty as chair to suppress either their own convictions or their privilege to impose their opinions. Experience has shown that the safest and least controversial course is for the chair to call upon speakers for and against a proposal to speak alternately and for the chair to avoid speaking first or last.

Some people are better at putting a case than others and the chair ought to allow reasonable latitude to the less eloquent. For this reason, mechanical rules of debate limiting, for instance, the time allowed for a speech or the number of times a member may speak, are undesirable, and the chair should have some latitude in applying them.

9 Relevance

9.1 General rule

A speech must be directed to the point under discussion and nothing else. This rule is easy to state, but not always easy to apply fairly, because the relevance of what is being said may be understood by the speaker before it is grasped by the listener; whilst the rule should not be made a cover for "barracking from the chair" it is probably true that if it was enforced more strictly, business would be much more quickly and efficiently conducted than is often the case, and many unnecessary arguments and even some quarrels would be avoided. Bad feeling originates in irrelevancies more often than in any other way. On the other hand, it is sometimes advantageous to allow irrelevance in order to "clear the air". Too harsh suppression can breed ill will and a sense of grievance.

9.2 Personalities

The chair should do their best to prevent observations in discussion; the custom whereby the speeches are in a form addressed to the chair, should only be observed because it forces members to employ an impersonal mode of expression. If a member makes an offensive personal observation, the chair should immediately intervene to seek immediate apology to an offended member.

9.3 Methods of enforcement

Where a speech is obviously irrelevant the chair should stop the speaker and invite them to return to the point or sit down. Where the irrelevance is not quite so obvious the chair may often find it convenient to ask the speaker to explain how their remarks relate to the issue.

9.4 Revival of decided issues

The chair should not allow a matter that has been decided to be reopened at the same meeting. An attempt to revisit a previous agenda item should be firmly ruled out of order as irrelevant to the matter now under discussion, even if the member who raises it was not present when the item was considered.

9.5 Minutes

One of the commonest irrelevances is the practice of attempting to discuss the merits of what is contained in the minutes, on a motion for their signature as a correct record. On such a motion the only issue is whether the words of the minutes accurately record the events at the meeting of which they are a record.

9.6 Other problems

Letters received by the council should not be read out verbatim: this provokes irrelevant discussion on wording and is liable to lead to misunderstanding by the public. On the very rare occasions that the exact text is needed by every councillor the clerk should issue copies. Normally it is sufficient to report the main issue in the letter: for example, "Mrs Smith of ____ has written asking the council to get the pile of rubbish removed from outside 48 ____ Lane".

10 Reasonable despatch

10.1 Intervals

It is important that business should be transacted with reasonable speed. Long meetings bore members and reduce the level of attentiveness. Long intervals between meetings lead to missed opportunities. The council cannot expect to be consulted regularly by other bodies if it does not respond promptly. The chair ought to call special meetings in necessary cases. The right of the council to be notified of planning applications makes this especially important.

10.2 Obstruction at meetings

Deliberate obstruction is rare but must be firmly dealt with when it occurs. It is difficult to be directly obstructive for long without being irrelevant, and therefore deliberate obstruction sometimes takes the form of raising a succession of points of order. In dealing with this type of obstruction it is well to remember that a point is not necessarily a point of order because the person who makes it labels it as such. (For points of order see paragraph **11.1** below).

10.3 Repetition

If it is evident that nothing new can be said on either side in a particular discussion, a chair is justified in putting the matter to the vote even though there are still members wishing to speak. Usually, however, the state of affairs is not so clear and in such cases the chair should ask leave of the council to put the matter to the vote.

10.4 References

All deliberative bodies have a natural tendency to refer questions to someone else (e.g., an officer or a committee) for consideration or report. These are frequently unnecessary because they are often used only when a council is unwilling to make a final decision.

11 Some procedural points

11.1 Points of order

Points of order relate to procedure only and take precedence over all other business; it is the duty of the chair to deal with them. If a point relates to the substance of a matter under discussion it is not a point of order and should be ruled out of order by the chair. The person raising the matter of substance in this way should be told to save it for his speech on the business.

For instance, if the provision of a swimming pool is being discussed and someone interrupts the speaker by saying "On a point of order, can we afford it?" the interruption should be ruled out of order as this is not a procedural question. It is part of the merits of the business and must be decided by discussion. If, however, the interruption had been "On a point of order, have we power to do this?" the chair (in consultation with the clerk) must give a ruling and the answer is "No", the council has no power to act as proposed and the business ought not to be under discussion.

11.2 Procedural resolutions

Procedural resolutions should normally be put without discussion. The usual exceptions are resolutions to

- correct minutes;
- alter the order of business; or
- refer to committee.

11.3 Closure motions

The following are the respective effects of closure resolutions:

- On the passing of a resolution to proceed to *next business*, proceedings on the business in hand come to a stop and no decision upon it can be taken.
- On the passing of a resolution to *move to a vote*, the mover is usually entitled to reply before the matter is put to the vote. By custom the chair may refuse to accept such a resolution until they think that the matter has been sufficiently debated.

- A resolution to *adjourn a discussion or a meeting* stops the discussion at the moment it is passed, and no decision is taken on the business; therefore, the discussion may later be resumed at the point where it was interrupted.

11.4 Amendments

An amendment, which in substance negates the principal resolution, should not be allowed because it is confusing and unnecessary.

An amendment should always be put to the vote before the resolution that it seeks to amend. (See also paragraph 5.3 above.)

11.5 "Any other business"

The summons to a meeting of the council must by law specify the business to be transacted; the council cannot legally decide to take any action under the general heading of "any other business" because these words do not specify any item of business. The rule prevents the council deciding any business which will have either expenditure consequences or lead the council into a legal situation: for example, by making a contract.

11.6 "Urgent" business

The law makes no provision for dealing with "urgent" business. If it is "urgent" only because it was not notified in time to appear on the agenda, it should be left till the next meeting. If it is genuinely "urgent", that is it was too late for the agenda and it will be too late for action if left till the next ordinary meeting an additional meeting should be called or the council should have a regular arrangement for the reference of such matters either to a committee or to the clerk for action. It is contrary to local government law for the chair or any other single member to take a decision binding the council.

12 Use of the chair's votes

Save on one occasion the chair has both an ordinary and a casting vote. There is no rule of law which requires the chair to give his ordinary vote at the same time as the other members are voting, and it is obviously undesirable and undignified to wait and then say, "the voting is 5 to 4 against; I therefore vote in favour which makes it even".

Where there is an equality of votes a chair may be faced with an embarrassing problem. A resolution requires a majority and therefore, since an equality is not majority, they may declare the resolution not carried. This course is, however, sometimes regarded as

irresponsible or lacking in courage; in such circumstances the chair ought to give a casting vote, if at all possible, in such a way that the matter can be considered again; for instance, on a motion to accept a particular tender a vote in favour will conclude the matter, but a vote against will leave the way open for further negotiations or reconsideration.

13 Presence of the public and press

In principle, the public (which includes the press) is entitled to be present at all meetings of the council and its committees and sub-committees. The council or a committee, however, may exclude the public for a particular item of business, if in its opinion such exclusion is reasonable and in the public interest. Where the public and press have been excluded the decisions made in the closed session must be minuted: a record should be kept of who was present at the session: the press should be told of any decision. Business is 'confidential' if its discussion must be kept private: it is 'special' and the reasons for confidentiality must be stated in any case where the need for privacy is not obvious.

14 Maladministration

No outside body can adjudicate on complaints about the procedures of a local council if the law has not been broken. It is, however, important for the good name of the council that complaints be handled properly and fairly.

15 Public participation

In accordance with approved standing orders, members of the public may make representations, ask questions and give evidence at a meeting which they are entitled to attend in respect of the business on the agenda.

The total period of time designated for public participation at a meeting shall not exceed 15 minutes and an individual member of the public shall not speak for more than 3 minutes unless directed by the chair of the meeting.

16 Length of meetings

Standing orders permit meetings to continue for up to 2hrs, with an extension of 30 minutes if agreed by the meeting

Introduction

These financial regulations are based on the most recent NALC model, last updated in July 2019.

Local councils operate within a broad statutory framework, and these financial regulations reference many statutory requirements to which councils are subject. The statutory requirements to which a council is subject apply whether or not they are incorporated into the financial regulations.

Definitions

In this document, the following definitions apply:

"Accounts and Audit Regulations" or "The Regulations" means the regulations issued under the provisions of section 32 of the Local Audit and Accountability Act 2014, or any superseding legislation, and then in force unless otherwise specified.

"Annual Governance Statement" means the annual report prepared, approved and published with the financial statements that reviews the council's overall governance arrangements.

"Billing Authority" means West Suffolk Council, the authority that directly bills council tax and business rates.

"Capital Expenditure" means the acquisition of land or buildings, the erection of buildings, the erection of permanent works, the purchase of vehicles, plant, machinery, equipment and furniture and any related fees, which are not financed from the revenue budget. Items or groups of items under the value of £1,000 would not normally be classified as capital expenditure.

"Chair" and "Vice chair" refer to the offices of the mayor and deputy mayor of the council, except in relation to the person chairing a meeting of the council in the absence of the mayor and deputy mayor, or the person chairing a committee, sub-committee, or working group.

"Clerk" means the town clerk for the time being or a person appointed by the town clerk or **Full** Council or duly authorised committee to act on the town clerk's behalf if the town clerk is absent or otherwise indisposed.

"Finance Committee" means any standing committee of the council that has been appointed to regulate and control the finances of the council.

"Financial Regulations" or "These Regulations" govern, set out and detail how the council conducts, controls and manages its financial affairs. The Financial Regulations, as opposed to the standing orders of the council, include most of the requirements relevant to the RFO.

"Full Council" or "The Council" means any formal meetings of the Council to which all members are summoned to attend.

"Internal Control" is a system of rules, systems and procedures intended to make sure that the council's financial activities are well managed.

"Proper Practice" or "Proper Practices" shall refer to guidance issued in the Practitioners' Guide issued by the Joint Panel on Accountability and Governance UPAG), available from the websites of NALC and the Society for Local Council Clerks (SLCC).

"RFO" means Responsible Financial Officer, described in the Accounts and Audit Regulations as the person who, by virtue of section 151 of the Local Government Act 1972, is responsible for the administration of the financial affairs of the council or, if no person is so responsible, the person who is responsible for keeping the accounts of such a body.

1 General

- 1.1** These Financial Regulations govern the conduct of financial management by the Council and may only be amended or varied by resolution of Full Council. Financial regulations are one of the council's key governing policy documents providing procedural guidance for members and officers. These Regulations must be observed in conjunction with the council's standing orders, scheme of delegation and any individual financial regulations relating to contracts.
- 1.2 The council is responsible in law for ensuring that its financial management is adequate and effective, and that the council has a sound system of internal control which facilitates the effective exercise of the council's functions, including arrangements for the management of risk.
- 1.3 The council's accounting control systems must include measures:
- (a) for the timely production of accounts;
 - (b) that provide for the safe and efficient safeguarding of public money;
 - (c) to prevent and detect inaccuracy and fraud; and
 - (d) identifying the duties of officers.
- 1.4** These Regulations demonstrate how the council meets these responsibilities and requirements.
- 1.5 At least once a year, prior to approving the Annual Governance Statement, the council must review the effectiveness of its system of internal control which shall be in accordance with proper practices.
- 1.6** Deliberate or willful breach of These Regulations by an employee may give rise to disciplinary proceedings.
- 1.7** Members are expected to follow the instructions within These Regulations and not to entice employees to breach them. Failure to follow instructions within These Regulations brings the office of councillor into disrepute.
- 1.8 The Responsible Financial Officer (RFO) holds a statutory office to be appointed by the council.

1.9 The RFO:

- (a) acts under the policy direction of the council;

RISK MANAGEMENT SCHEME

Adopted by Full Town Council – 29th January 2024. Resolution:

Risk Management Strategy

Introduction

This document sets out the framework on which risk management processes at Newmarket Town Council are based. This framework should assist in ensuring that a consistent approach is taken across the Council for the identification, assessment and evaluation of risks, and for ensuring that actions are proportionate to identified risks, thereby efficiently and effectively utilising resources and maintaining a balance between risks and controls. Risk management will strengthen the ability of the Council to achieve its objectives and enhance the value of services provided.

Risk – ‘*Risk is the combination of the probability of an event and its consequence. Consequences can range from positive to negative*’.

Risk Management - ‘*Process which aims to help organisations understand, evaluate and take action on all their risks with a view to increasing the probability of success and reducing the likelihood of failure.*’ [Institute of Risk Management (IRM)]

Risk management is an essential feature of good management and applies to all aspects of the Council’s business.

There is an Audit requirement under the Accounts and Audit (England) Regulations 2015 s.3 to establish and maintain a systematic strategy, framework and process for managing risk. Risks and their control will be collated in a Risk Register. A statement about the system of internal control and the management of risk will be included as part of the Annual Statement of Accounts and summarised in the Council’s Business Plan.

Implementing the strategy involves identifying, analysing/prioritising, managing and monitoring risks.

Risk Types

Strategic Risk - long-term adverse impacts from poor decision-making or poor implementation. Risks causing damage to the reputation of the Council, loss of public confidence, or in a worse case statutory intervention.

Compliance Risk - failure to comply with legislation, or laid down procedures or the lack of documentation to prove compliance. Risks exposure to prosecution, judicial review, employment tribunals, inability to enforce contracts etc.

Financial Risk - fraud and corruption, waste, excess demand for services, bad debts. Risk of additional audit investigation, objection to accounts, reduced service delivery, dramatically increased Council tax precept levels/impact on Council reserves.

Operating Risk - failure to deliver services effectively, malfunctioning equipment, hazards to service users, the general public or staff, damage to property. Risk of insurance claims, higher insurance premiums, lengthy recovery processes.

Not all these risks are insurable and for some the premiums may not be cost-effective. Even where insurance is available, money may not be an adequate recompense. The emphasis should always be on eliminating or minimising risk. Risk can be connected to opportunities as well as potential threats.

Risk Identification – Identifying and understanding the hazards and risks facing the Council is crucial if informed decisions are to be made about policies or service delivery methods. The risks associated with these decisions can then be effectively managed.

Risk Analysis – Identified risks need to be systematically and accurately assessed using proven techniques. Analysis should make full use of any available data on the potential frequency of events and their consequences.

Risk Prioritisation - An assessment should be undertaken of the impact and likelihood of risks occurring, with impact and likelihood being scored Low (1), Medium (2) and High (3). The scores for both impact and likelihood are scored in this manner. Risks scoring 6 and above will be subject to detailed consideration and preparation of a contingency/action plan to appropriately control the risk.

Risk Control – Risk control is the process of taking action to minimise the likelihood of the risk event occurring and/or reducing the severity of the consequences should it occur. Typically, risk control requires the identification and implementation of revised operating procedures, but in exceptional cases more drastic action will be required to reduce the risk to an acceptable level.

Options for control include:

- Tolerate - documenting a conscious decision after assessment of areas where the Council accepts or tolerates risk.
- Treat - loss control measures are implemented to reduce the impact/ likelihood of the risk occurring;
- Transfer – the financial impact is passed to a third party or by way of insurance. This is good for mitigating financial risks or risks to assets;
- Terminate – the circumstances from which the risk arises are ceased so that the risk no longer exists.

Risk Register –Details on the impact and likelihood matrix are included below. Health and Safety risks are assessed in a similar manner but are assessed, recorded and managed separately to the matrix below.

Risk Monitoring – The risk management process does not finish with putting any risk control procedures in place. Their effectiveness in controlling risk must be monitored and reviewed. It is also important to assess whether the nature of any risk has changed over time. The information generated from applying the risk management process will help to ensure that risks can be avoided or minimised in the future. It will also inform judgements on the nature and extent of insurance cover and the balance to be reached between self-insurance and external protection.

Roles and Responsibilities

Councillors – risk management is seen as a key part of the councillors' stewardship role and there is an expectation that Elected Members will lead and monitor the approach adopted. This will include: approval of the Risk Management Strategy; consideration of the Risk Assessment Matrix.

Proper Officer and Responsible Financial Officer- will ensure that Risk Management is an integral part of any service review process, ensure that recommendations for risk control are detailed in service review reports and will lead in developing and monitoring Performance Indicators for Risk Management.

Project Officers and Service Managers – when developing projects or recommending service changes will ensure that risks are identified and the measures to eliminate or control risks are documented in agenda reports/briefing papers to be considered by Council and committees.

Employees – will undertake their job within risk management guidelines ensuring that the skills and knowledge passed to them are used effectively.

Role of Internal Audit – the Internal Audit Team provides an important scrutiny role carrying out audits to provide independent assurance to the Council. Internal Audit assists the Council in identifying both its financial and operational risks and seeks to assist the Council in developing and implementing proper arrangements to manage them, including adequate and effective systems of internal control to reduce or eliminate the likelihood of errors or fraud.

Training – Risk Management training will be provided to key staff. Councillors will receive appropriate briefings.

INTERNAL CONTROL STATEMENT FOR YEAR ENDING 31 MARCH 2024

1. SCOPE OF RESPONSIBILITY

Newmarket Town Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The council is responsible for ensuring that there is a sound system of internal control which facilitates the effective exercise of the Council's functions and which includes arrangements for the management of risk.

2. THE PURPOSE OF THE SYSTEM OF INTERNAL CONTROL

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can, therefore, only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

3. THE INTERNAL CONTROL ENVIRONMENT

The Council:

The council reviews its obligations and objectives and approves budgets for the following year at its November to December committee meetings and at its meeting of the council approves the level of precept for the following financial year by January.

Newmarket Town Council has appointed a Finance & Policy Committee. The Committee meets on alternate months. Members of the Committee monitor progress against objectives, financial systems and procedures, budgetary control and carry out regular reviews of financial matters. The minutes of the meetings of the Committee are circulated to all members of the Council. The Chairman of the Finance and Policy Committee is appointed to have responsibility for monthly bank reconciliation checks.

The full council meets monthly and monitors progress against its aims and objectives at each meeting by receiving relevant reports from the Finance and Policy Committee via the Clerk and Responsible Finance Officer. The council carries out regular reviews of its internal controls, systems and procedures.

Clerk to the Council/Responsible Finance Officer:

The Council has appointed a Clerk to the Council who acts as the Council's advisor and administrator. The Responsible Financial Officer is responsible for administering the Council's finances. The Clerk is responsible for advising on the day-to-day compliance with laws and regulations that the Council is subject to and for managing risks. The Clerk also provides advice to help the Council ensure that its procedures, control systems and policies are adhered to.

Payments:

All payments are reported to the council for approval. Two members of the council must authorise every payment. All authorised signatories are members of the Council. No officer of the Council can sign cheques or authorise online payment transactions. A report of all payments is provided to the Finance and Policy committee.

INTERNAL CONTROL STATEMENT FOR YEAR ENDING 31 MARCH 2024

Income:

All income is received and banked in the council's name in a timely manner and reported to the council.

Risk Assessments/Risk Management:

The council reviews its risk assessment annually, and regularly reviews its systems and controls.

Internal Audit:

The council appoints an independent and competent internal auditor who reports to the council on a half yearly basis on the adequacy of it's:

- Records
- Procedures
- Systems
- Internal control
- Regulations
- Risk management

External Audit:

The council's external auditors submit an annual certificate of audit which is presented to the Council.

4. REVIEW OF EFFECTIVENESS

The council has responsibility for conducting an annual review of the effectiveness of the system of internal control, which should include a review of the effectiveness of internal audit. The results of that review must be considered by the Council, which should also approve the Statement of Internal Control.

Systems of Internal Control

The systems of internal control (attached as appendix 1) were reviewed by Finance and Policy committee on 22nd January 2024 and adopted by full council on 29th January 2024.
